

COURSE	DEGREE
General Civil Engineering	MA
Applied Research in Social Work	MA
Architecture	BA, MA
Ophthalmology/Optometrics planned	BA
Civil Engineering	BA
Business Administration	BA, MA
Infantile Educational Science	BA
Bioengineering	BA
Engineering Chemistry	BA
Design (Photodesign, Industrial Design, Communications Design)	BA
Print & Media Technologies	Dipl
Electrical Engineering accredited	MA
Electrical Engineering & Information Technology accredited	BA
Facility Management accredited	MA
Automotive & Aeronautical Engineering	Dipl
Automotive Mechatronics accredited	MA
Surveying & Geoinformatics	BA
Building Services Engineering accredited	MA
Community Development, Accommodation Management, Local Economics accredited	MA
Computer Science accredited	BA, MA
Intercultural Communication und Cooperation	MA
International Business Management accredited	MA
Cartography & Geomedia	BA
Logistics Management	BA
Mechanical Engineering	Dipl
Precision Engineering Mechatronics	BA, MA (planned)
Micro- and Nanotechnology accredited	MA
Paper Technology (weiterbildend, konsekutiv)	MA
Photonics	MA
Engineering Physics	BA
Production & Automation accredited	BA
Production & Automation accredited (<i>French-German degree course</i>)	BA, MA
Regenerative Energies – Energy Engineering/Technology	BA
Scientific Computing	BA
Social Work	BA
Social Innovation	BA
Social Work in Psychiatry (<i>Continuing Education</i>)	MA
Social Management	MA
Stochastics	MA
Sustainable Design planned	MA
Systems Engineering accredited	MA
Tourism Management	BA
Urban Design and Architecture planned	MA
Chemical Engineering Paper & Packaging	Dipl
Services- and Building Engineering	BA
Information Systems & Management accredited	BA, MA
Industrial Engineering	Dipl, MA
